

Wireless speakermics & headsets for two-way radios

2006 INNOVATION
AWARD WINNER!

Never before has a communications device offered the mobility and security of FreeLinc's two-way wireless accessories. Based on patented field-proven technology, FreeLinc's devices provide clear, secure communications and extended talk time.

Clip our adapter to your portable radio, pair it to our award-winning FreeMic™ speakermic or FreeMotion™ headset, and you're ready for duty. **No wires!**
